

BERNT & DE BEDSTE INTENTIONER

Bernt & De Bedste Intentioner (Bernt & The Best Of Intentions) is a Danish psychedelic folkpunkrock-band based in Copenhagen. Think Lou Reed, The Pogues and The Jesus & Mary Chain walk into a bar and meet up with Tom Waits and do a show with all Danish Lyrics, and you have a vague idea of, what you're in for.

The songs - usually performed with a high level of energy (and volume) – are about the end of the world, sex, death, cloud based computing, migration and stupid pigs. Frontman Bernt Hertz writes all the songs, and as an experienced journalist and writer, he has an eye for a hookline and good heading – all in his Danish mother-tongue.

Bernt & De Bedste Intentioner are:

Bernt Hertz – Vocals/guitar

Henrik Svanekær Kristensen – guitar

Steffen Galster – Bass

Morten Saaugaard – Drums

All bandmembers are middle aged and somewhat frustrated about that. They have all be a part of the Copenhagen songwriter-scene for many years, but needed to up the volume a bit compared to the everyday singer/songwriter. The band was formed in the early spring of 2018 and debuted on the Sejerø Festival in July 2018.
